

SHS Connector - the benchmark in robotics

Advantages

- Genuine: the original with the blue lever
- Proven: on the market for 10 years
- Trusted: over 40,000 units sold
- Benchmark: the benchmark for all manual tool changers
- Available: buy directly from the manufacturer and developer
- Ready for use: 100% compatible with your existing systems

SHS Connector - the benchmark in robotics

Details

- available in six sizes (SHS050 – SHS160)
- integrated pneumatic feed-throughs
- electrical feed-throughs available
- interface according to DIN EN ISO 9409-1
- intuitive - tool-free operation
- withstands high loads
- low weight and durable with high level of repeatability
- locking bolt secures the tool changer against accidental release

SHS Connector - the benchmark in robotics

Accessories

- SEK Energy Coupling
- ZS centering disc
- YA Y-adapter
